

DISCOVER SKIING

A Unique New Learn-To-Ski Program

Wild Mountain Ski Area, Taylors Falls, MN and Hi Tempo Ski Shop, White Bear Lake, MN have created a unique new learn-to-ski program called Discover Skiing. The unique feature of Discover Skiing is that it brings together the teaching expertise of an area and the equipment and clothing expertise of a ski shop to give students a much broader understanding of some of the tips, tricks and simple things they need to know to have as much fun as possible on their first day on the snow. New skiers find that they are better equipped to learn and success rates are much, much higher than more traditional learn-to-ski programs.

The first part of the Discover Skiing program is a 45 minute class taught at Hi Tempo Ski Shop in White Bear Lake. Classes are taught on Saturday mornings at 9AM. They are free but pre-registration is required; register by calling Hi Tempo at (651) 429-3333. The classroom session covers ski equipment and clothing, how to properly put on rental equipment, how to start skiing on a budget and other important topics. Upon completion of the dry-land class, students will be eligible to purchase a special Discover Skiing On-Snow pass. The pass includes a lift ticket, a full rental package and a lesson for \$10 per person, or \$25 for an entire family.

The on-snow portion of the class is taught at Wild Mountain ski area in Taylors Falls, MN. Students will be met by a Wild Mountain team member that will help with their rental gear and then introduce them to a Wild Mountain Teaching Pro. The on-snow classes are taught on the gentle slopes that are reserved for first-timers and beginners. At the end of this class students can expect to be able to ski by themselves on the learning hill or venture off to ride the chair lifts and explore some of Wild Mountains other, easy to ski, green circle hills.

Upon completion of the on-snow Discover Skiing class, participants will receive a complimentary gift bag that includes a special discount offer for Wild Mountain's "Get Hooked on Skiing" package-the ultimate learn to ski program. The Get Hooked on Skiing program offers 3 lessons, 3 rentals and 3 lessons and normally sells for \$99. Discover Skiing graduates can purchase the package for \$50- an incredible value!

Learning skiers will find that the new Discover Skiing program by Wild Mountain and Hi Tempo Ski Shop will get them skiing quicker and safer than more traditional learn-to-ski programs. To register call Hi Tempo Ski Shop at (651) 429-3333 and ask for the Discover Skiing Learn to Ski Program.
